Serving Communities

School-Out Season Starts

School season is out, so the parents are busy. Yet, the residents at Renaissance Square, Fort Worth, came out in numbers to support our Annual Health Fair Event. We partnered with St. Jude's Lab and AJP Health Management to conduct a successful event to provide Covid-19 testing/vaccination, cholesterol/glucose screening, and hot meals treating on 6/2/2021 to start our activities for June.

We thank Ms. Connie Lasker, Resident Council's President at Hickory View, who introduced and worked with The Partnering With A Purpose non-profit organization to donate some items of clothing to our Covid-19 affected family on 6/3/2021.

The RS&S team worked with many more local partners in North Little Rock, Arkansas, and Dallas/Fort Worth, Texas, to schedule nutrition classes and wellness classes for the summer season. At Ridge at Trinity, we worked with the Better for Texans to conduct all three nutrition classes, one class per week, teaching healthy food intake programs to the interested residents.

In North Little Rock's properties, Laman Library is scheduled to hold storytime events for kids with making Ice Cream in a bag for all properties. However, due to the construction of the community room, Laman could hold the first event at NLR Family Homes. We reschedule the storytime as a routine in July throughout the summer.

EMANA'S MONTHLY REPORT - JUNE 2021

Our partners also continued to conduct the Covid-19 testing and vaccinating going well for June. On 6/16/2021, Kavanaugh Pharmacy provided 13 Johnson & Johnson shots to the residents at Hickory View. We make this event to be a scheduled routine going into the summer. On 6/22/2021, St. Jude's Lab has tested 3 residents at Maple Place for Covid-19.

In connection with the CitySquare Organization of Dallas, TX, Emana kicked off the summer nutrition program for properties in Dallas and Arlington to frequently provide food boxes to the residents. CitySquare will be twice a week, Tuesday and Thursday, to emanate food boxes during the summertime.

On 6/3/2021, the Partnering With A Purpose non-profit organization donated some items of clothing to our Covid-19 affected family, Many thanks to Ms. Connie Lasker, Resident Council's President at Hickory View, who introduced and worked with them on this event.

On 6/15/2021, the RS&S team held a successful kickoff event at Rush Creek, Arlington, TX, where we offered hot meals and prizes for the fun games. Aetna conducted the fun games with kids, and the CitySquare emanated lunch bags to the kids. It was a fun and successful event.

On 6/23/2021, we did the same for Ridge at Trinity in Dallas, TX. Many kids came out for the games offered by Aetna Healthcare. Thanks, Ms. Leatress Anderson, Aetna

EMANA'S MONTHLY REPORT - JUNE 2021

Community Outreach Representative, and the Marquis Asset Management team for continuously supporting our events.

For Father's Day, we held a bingo game at Ridge at trinity and invited resident father figures to participate. It was a fun game and Emana provided a lot of prize items that put more smiles on the winner's faces. We also held a cold treat social event to help the kids enjoyed their time off of school with cold drinks and fun games.

This month, Cintax Wireless provided free phones to four residents at Hickory View, and five residents at NLR Family Homes (Pine Crossing). We worked with the partner to scheduled routine visits for all properties in July.

Our new partner, M&T Healthcare Management, proved fresh produce to 29 residents at Maple Place on 6/25/2021. They also make the event routine monthly at Hickory View and Maple Place. Dr. Taylor from M&T Healthcare Management also offered the behavioral health classes and services remotely at this time. Very soon, they will offer the services onsite.

Also, on 6.28.2021, the Emana team held a social summer event at Ironwood Crossing, providing hot meals, games, and prizes.

On the last day of June, RS&S came back to Renaissance Square for the social birthday celebration event. The kids enjoyed the activity and the fun we provided.
