SUMMARY

The Emana team worked with all its partners around the clock to make December memorable for all residents. The highlight events are Free Christmas Shopping at Newsome, the toys and socks distribution at Merritt McGowan by the Housing Authority of McKinney, Toys for Tots, and the Schooling Encouragement Foundation.

The other highlighted activities included Children's toys distribution at Ridge Parc, Meadow Parc, Rush Creek, Park at Sycamore, Ridge at Trinity, Ironwood Crossing, Treymore City Place, and Treymore North.

At Newsome, seniors registered to receive 2 "\$100 Copy" dollar bills. They used it to purchase sweaters, gloves, shirts, pants, scarves, beanies, and more. It created a Christmas atmosphere and gave the seniors a sense of Christmas shopping to enjoy.

A special thanks to the Housing Authority of Mackinney and the Board of Commissioners, who worked with Toys for Tots and donated a hundred toys to children up to 12 years old at Merritt McGowan. Schooling Encouragement Foundation delivered the toys and distributed more than 80 pairs of Nike, Banana Republic, and Kohl's Christmas socks to the adult residents.

Emana and its partners hosted fun Christmas parties at Bethlehem Pioneer Place and Columbia Renaissance Senior Residences. Seniors enjoyed food, music, games and more.

We decorated the community rooms for Christmas and held door decoration contests for the residents. Prizes were awarded for first, second and third places.

"Destined to be great" provided professional chefs teach residents how to prepare healthy meals for our Quarterly Health & Nutrition events.

Manna of Heaven started the after-school nutrition program at Ridge Parc and Ridge Parc II. The Emana team joined them to kick off the program with games and a fun celebration. In December, the Schooling Encouragement Foundation joined Emana to distribute more than 100 toys to the children at Ridge Parc and Meadow Parc.

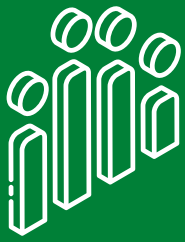

Sincerely, our team wants to invite all participants, sponsors, owners, and management teams to follow us on social media for more activity information.
